### **BOARD MOTION OF NOVEMBER 25, 2014, AGENDA ITEM 22-A SAND CANYON ROAD TRAFFIC STUDY UNINCORPORATED CANYON COUNTRY AREA**

This is a follow up to our attached memo dated January 15, 2015. The City of Santa Clarita has completed their review of the traffic study and concurs with our recommendation to implement commercial truck weight limit restrictions on Sand Canyon Road between Sierra Highway and Soledad Canyon Road due to the narrow width and winding configuration of the roadway.

Both the County and City will be preparing their respective weight limit ordinances for adoption by the Board of Supervisors and the City Council, respectively, which is expected to be adopted by April 2015. We expect to have the weight limit restriction signs installed within 4 weeks after the adoption of the ordinances.

### **BOARD MOTION OF NOVEMBER 25, 2014, AGENDA ITEM 22-A SAND CANYON ROAD TRAFFIC STUDY UNINCORPORATED CANYON COUNTRY AREA**

As directed, Public Works completed a traffic study to determine the alternatives to restricting or limiting the use of Sand Canyon Road between Sierra Highway and Soledad Canyon Road by large commercial vehicles due to the narrow width and winding configuration of the roadway.

We are currently in discussions with the City of Santa Clarita since a portion of Sand Canyon Road between Sierra Highway and Soledad Canyon Road is within their jurisdiction and expect their findings within the next 6 weeks after which time we will report our final findings to the Board.

If you have any questions, please call me or your staff may contact Dean R. Lehman, Assistant Deputy Director, at (626) 300-4700.
